### We do all the leg work

- We understand that having hunters on your property may sound daunting, especially if you don't know them from a bar of soap. While the additional income is good, you're just not sure?

Valid point. We hear you and understand where you are coming from - this is where Inland Hunting Properties fills the gap by putting rated hunters on your property.

We only send quality, premium hunters to your property. Policemen, doctors, business owners, solicitors, tradesman - every day Australians looking to escape the city for a weekend away with friends or family. All hunters are rated by other property owners and can only continue to hunt through us if they receive 4 or 5 stars. It's that easy.

New property owners also have direct access to our elite hunter list that have hunted many times with us over the past 25 years. Ensuring you get the best possible experience.

### Additional Income

- What would you do with an extra \$300 - \$1,000 this weekend? Some property owners use the dollars for property improvements, overseas holidays, machinery, new kitchens, boarding schools & other business ventures.

### Local Tourism

- Every dollar brought into your local community is a win for all. With the added bonus of hunters buying supplies regionally, supporting local jobs and the local economy.

### Pest Control

- Together we help tackle the feral animal crisis devastating your land. We work with you to allow limited hunter access to keep the right balance through sustainable hunting.
